

Comprehensive Protection for Physical Commodities

Protection of your physical commodities against natural, man-made and factitious risks remains a complex and key aspect of any transaction amongst trading counterparties and financiers alike. At Lockton we have a dedicated Commodity team, so wherever your business takes you there's always a Commodity specialist to help guide you through the process of mitigating risk. We constantly challenge the status quo and create tailored insurance solutions to protect every aspect of your business's risk, now and for the future.

Your trusted advisors for commodity risks

- Our dedicated Commodity Team offers comprehensive risk consulting on how best to protect your physical commodities. Our advice is then aligned with our expert placement solutions that cover your physical assets whilst being shipped (internationally or domestically) or whilst being held in storage, giving you peace of mind that your business is protected at all times
- With over 100 years of experience and industry knowledge within our team, you can rest assured that we will find the best solution for you
- We leverage our long-standing relationships with domestic and international markets to deliver the best possible coverage and pricing for you

Specialist Support and Risk Management

Our expert support and guidance will help you navigate through the complex world of commodity supply chains by giving you access to:

- Enhanced risk control products, including services that bridge the physical and digital risks to manage operations, mitigate exposures and contribute towards ESG goals.
- Related products and services including:
 - Hull and Machinery coverage
 - Protection and Indemnity coverage
 - Marine Liability and Cargo Owners Legal Liability coverage
 - Political Risks and Trade Credit coverage
- Dedicated claims advocacy and guidance
- Full support from our network of over 100 offices worldwide

About Lockton
